

## **Site Supervisor – Brand New Site!**

- Great opportunity to shape the development of a new warehouse site
- Manage and lead a team that you get to build (with support)
- You are a crucial link in the Abodo supply chain - do you accept the challenge?

Calling leaders in the Timber Manufacturing sector. Timber specialist required to set up, lead and operate our new Ohinewai warehouse facility.

**If you are passionate about locally grown, sustainable timber products, this role is for you.**

Abodo is an award winning NZ family business, producing a sustainable range of natural timber products, sold locally and exported worldwide. We have a tight knit team of people who are committed to the Abodo cause, but also enjoy a bit of fun. Learn more about Abodo's carefully crafted timber products at [www.abodo.co.nz](http://www.abodo.co.nz).

In this varied full time role you will take overall supervision for our Ohinewai based processing warehouse. You will work closely with our Auckland based warehouse team responsible for processing timber for our growing customer base. The position will include:

- Managing overall site safety and security
- Leading the labour planning activity of operators on site
- Handling clear and accurate reporting and documentation
- Safely using hand tools to cut / defect timber and the production of samples
- Regular loading and unloading timber from trucks
- Monitoring the quality and grading of our finished product
- Carefully packaging of timber to Abodo high standards
- General maintenance of assets
- Keeping the site safe and tidy (5S)
- End to end management from inbound to outbound goods

You will need to be a licensed forklift operator and be capable of communicating accurately and clearly.

**Previous experience in handling timber is essential.**

Please note: Initially the role will include regular travel to our Mangere, Auckland site for on the job training.

The minimum requirements in terms of knowledge and skills are as follows:

- Reliable and hard working
- Attention to detail with good accuracy
- A safety conscious worker
- Supervision experience preferred
- **Similar manufacturing experience is ideal**

Our Ohinewai site is growing and will soon be expanded with the construction of new buildings. Help shape the development of this important new facility for Abodo.

If you believe that you would be right for this role please apply online including a covering letter highlighting your suitability. We look forward to welcoming you to the team.
